

Partnership Packet

A guide to partnering with TeQuaidas Diagnostics

TeQuaidas Diagnostics provides mobile diagnostic solutions for healthcare organizations, employers, and patients who need convenient access to care. This packet outlines our service categories, partnership tiers, and the healthcare compliance services designed for facilities across Georgia.

Who We Serve

Healthcare Organizations — Clinics, nursing homes, physician groups, and mobile providers who need reliable specimen collection, staffing coverage, and compliance support.

Employers — Companies seeking on-site wellness events, pre-employment screening, drug screening, and TB testing coordination.

Patients — Individuals who need convenient in-home phlebotomy or specimen collection.

Healthcare Compliance Services

Target package: \$1,500 — a complete compliance bundle

I-9 Verification

Documented employment eligibility verification for new hires.

Employee Health Screenings

Pre-employment and annual screenings including vitals, drug testing, and required labs.

TB Testing Coordination

PPD placement, 48–72 hour read, and full documentation for records.

Non-DOT Drug Screening Coordination

Discreet, compliant collections through certified labs.

Healthcare Onboarding Support

New-hire packet assembly, orientation checklists, and workflow guidance.

Credential Paperwork Assistance

License verification, tracking, and renewal reminders.

\$1,500 Compliance Bundle

One flat fee covers I-9 verification, employee health screening, TB testing, non-DOT drug screening coordination, onboarding support, and credential paperwork — perfect for new clinics and small facilities.

Facility Partnership Packages

For ongoing on-site phlebotomy, specimen handling, and staff coordination at your facility.

Basic Facility Package

\$1,000 / month

- Weekly on-site phlebotomy coverage (up to 4 visits / month)
- Specimen handling coordination
- Facility communication and reporting

Standard Facility Package

\$2,000 / month

- Two days per week on-site coverage
- Priority scheduling
- Routine collections
- Staff communication support

Premium Facility Package

\$3,500–\$5,000 / month

- Multiple weekly visits
- Larger patient volume support
- Dedicated coverage
- Custom workflow support

Pricing can be adjusted based on patient volume, hours, and travel distance.

Additional Services

Medical Courier

Local specimen pickup at \$50–\$75 per run, or recurring clinic routes at \$500–\$1,500 per month.

Healthcare Training

Phlebotomy skills coaching at \$75/hour and small group training at \$250–\$750 per session.

Business Support

Starter Compliance Package (\$500) and Business Setup Package (\$1,500–\$3,000).

Corporate Wellness Events

On-site biometric screenings, flu clinics, and health education for Georgia employers.
