

Physician Referral Sheet

For providers referring patients for mobile diagnostic services

TeQuaidas Diagnostics brings professional, compliant diagnostic services directly to patients, clinics, and facilities throughout Georgia. Use this sheet to refer patients or schedule on-site services.

Services Available for Referral

Mobile Phlebotomy — In-home and on-site blood draws for homebound, mobility-limited, and pediatric patients.

Specimen Collection & Courier — Local specimen pickup and transport to your preferred reference lab.

Employee Health Screenings — Pre-employment and annual health screenings for staff.

TB Testing Coordination — PPD placement, read, and documentation.

Non-DOT Drug Screening — Coordinated collections for corporate and healthcare clients.

I-9 Verification & Credentialing — Onboarding and paperwork assistance for new hires.

How to Refer

1. **Call our provider line:** 866-614-6930 ext. 4 to schedule or request a standing order.
2. **Submit patient information:** Name, DOB, address, requested tests, and preferred lab.
3. **We contact the patient** to confirm the appointment window (typically within 24–48 hours).
4. **Results delivered** directly to your ordering lab and reported per your standard workflow.

Patient Preparation Notes

- Fasting draws: patients should fast 8–12 hours (water permitted).
- Hydration: encourage water intake prior to draw.
- Photo ID and insurance information should be available at time of visit.
- Please note any anticoagulant therapy or difficult-draw history on the referral.
